DEVICE OVERVIEW

POWER SUPPLY & COMPONENTS COMPARTMENT

Houses the power supply, ESP32 module, motor driver, electrical wiring, and other supporting components used for power distribution and device control.

LCD DISPLAY

Displays the GreggSpeak interface, scanning controls, paper size presets, and transcription preview.

RASPBERRY PI 5

Serves as the main processor of the device, managing image capture, scanning control, transcription processing, and communication with the LCD and web application.

FEEDER MECHANISM

Guides and moves the loaded shorthand pages smoothly into the scanning area.

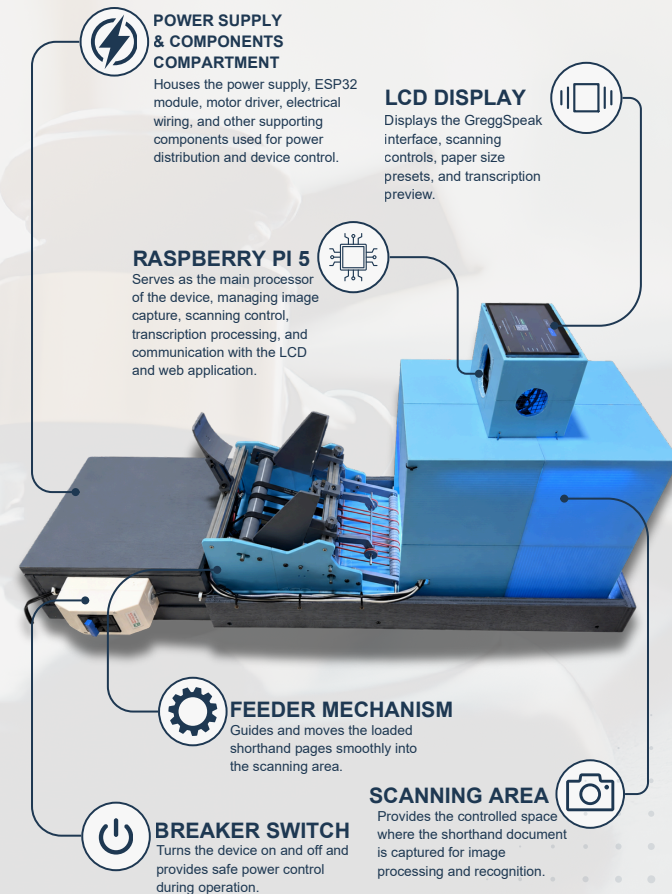

BREAKER SWITCH

Turns the device on and off and provides safe power control during operation.

SCANNING AREA

Provides the controlled space where the shorthand document is captured for image processing and recognition.

OPERATING THE LCD

GREGGSPEAK USER MANUAL

OPERATING THE WEB APPLICATION

1 POWER ON THE DEVICE

Plug the device into the power outlet, turn on the breaker switch, and wait for the GreggSpeak home screen to appear on the LCD display.

2 PREPARE AND LOAD THE PAPERS

Arrange the Gregg shorthand pages properly and make sure they are not folded or crumpled. Load a few pages neatly into the feeder mechanism.

3 CHECK DEVICE STATUS

On the home screen, check if the camera and feeder status are marked as ready before starting the scan.

4 START SCANNING AND SELECT PAPER SIZE

Press the START button to open the scanning page. Tap SCAN BATCH, choose the correct paper size preset such as Short Bond, Long Bond, or A4, then press USE PRESET. After applying the preset, tap SCAN BATCH again to begin scanning the loaded pages.

5 REVIEW TRANSCRIPTION

After scanning, review the generated transcription output displayed on the LCD screen.

6 SAVE TRANSCRIPTION

Press the SAVE button to store the generated transcription file.

7 MOVE TO WEBSITE FOR REVIEW AND EDITING

After saving, open the GreggSpeak website on a laptop, tablet, or mobile phone to review, edit, and finalize the transcript.

8 REMOVE PAPERS / PREPARE NEXT BATCH

Remove the scanned papers and load the next batch if needed.

1 ACCESS AND SIGN IN

Connect to the same Wi-Fi network as GreggSpeak, open the website using the QR code or IP address, then log in using the provided credentials.

2 MANAGE RECORDS AND OPEN WORKSPACE

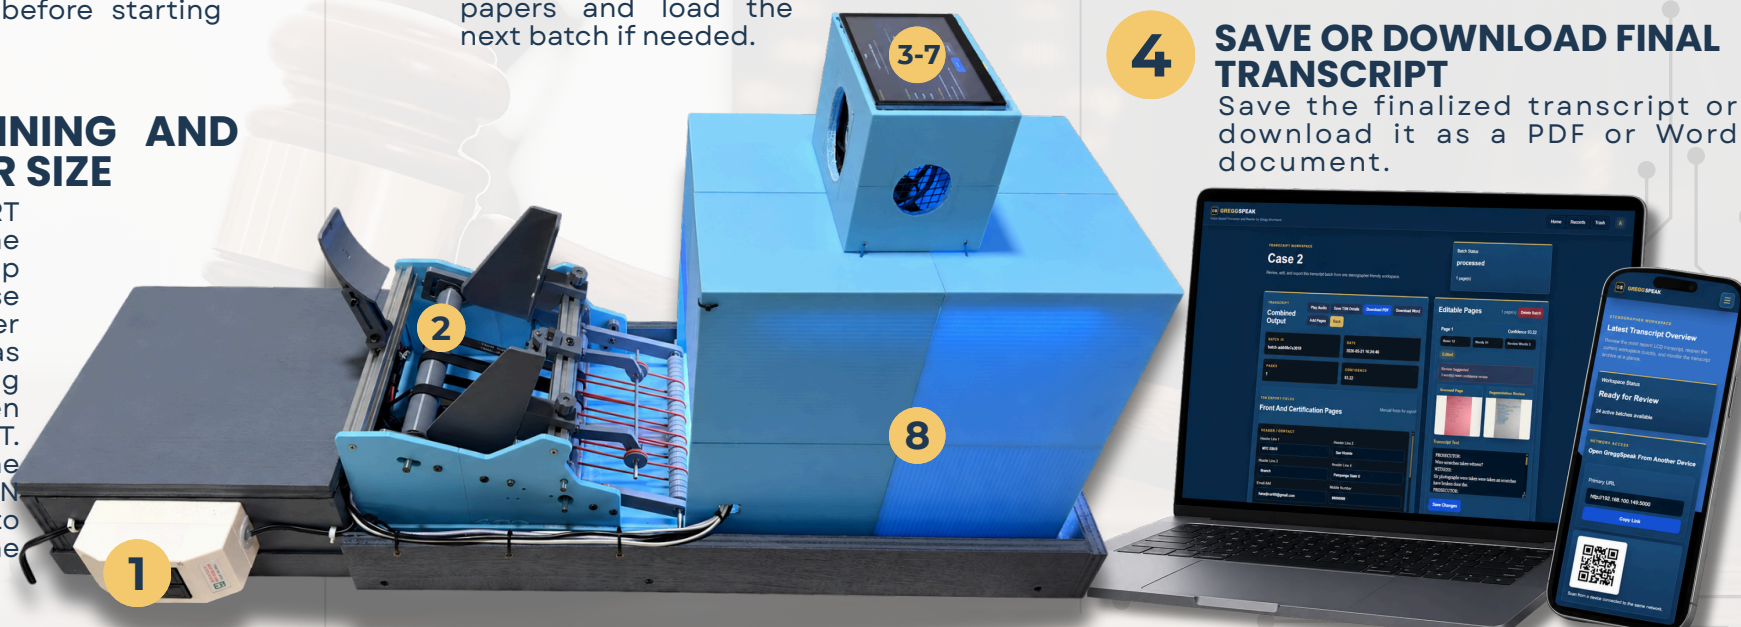

Connect to the same Wi-Fi network as GreggSpeak, open the website using the QR code or IP address, then log in using the provided credentials.

3 REVIEW CLASSIFIED WORDS AND TSN FORMAT

Double-check the classified words, then review and edit the generated transcript in TSN format.

4 SAVE OR DOWNLOAD FINAL TRANSCRIPT

Save the finalized transcript or download it as a PDF or Word document.

Note: Recognized text must be reviewed and verified before being used as a final transcript.
